

1. National Planning, Delivery & Governance
2. Local Implementation Headlines across Scotland, UK and Europe
3. Improvement Plans for the Tool

## 8 Outcomes & Indicators 2018/19 Update

1. Community & Organisational Leadership
2. Role of Legislation, Policy & Strategy
3. Workforce & Community Capacity
4. Higher & Further Education Learning
5. Public Awareness & Proactive Delivery
6. Equitable Application across Communities
7. Improvement – Evidence of What Works
8. Funding & Awards Criteria

*Local, Regional, National & International*

- All 32 LAs and both National Parks have appointed a place standard lead(s).
- Concept of an individual Community Champion for each LA on hold.
- Place Standard Lead for key national & regional organisations to be developed.

- Focus on how the Place Standard may support elements of the Planning Bill, particularly on the development of Local Place Plans (LPPs).
- The Planning Minister referenced the potential role of the Place Standard in developing LPPs when giving evidence to the Local Government and Communities Committee and the Finance and Constitution Committee.
- LPPs have come under particular scrutiny through the parliamentary process and the role of the Place Standard in supporting this area will continue to be developed.

## Place Standard Learning Resource

- 4 Modules (self-directed or facilitated)
  - a) Introducing the Place Standard
  - b) Developing your (assessment)plan
  - c) Putting your plan into action
  - d) Results, report and next steps
- Learner guidebook & supporting presentation slides.
- Templates to complete (leading to final assessment report).
- Case studies.
- Activities to work through

## Place Standard Learning Resource

- Piloting phase (concludes July 2018)
- Gathering /analysing user feedback
- Amending/adjusting learning resource
- Quality assurance (2<sup>nd</sup> round)
- Available September 2018

Additional Evidence Resource  
under consideration and for  
development in 2018/19

## Glasgow University Undergraduate Learning - Community Development

1. Train the academics and students session – June 2018
2. Activ8 course mandatory - 50 hour requirement to work with communities.
3. Opportunity to build a Scotland wide community network with local people to apply and train others to use the place standard tool.
4. Gather and share baseline and follow up evidence of some of our most deprived areas.

- New Place Standard Website - 2018-19.
- Translations have been completed in Urdu, Polish and Simplified Chinese. Arabic version to be progressed. Braille available and Audio Version on Soundcloud.
- BSL versions of video case studies now available on the [Place Standard YouTube Channel](#)

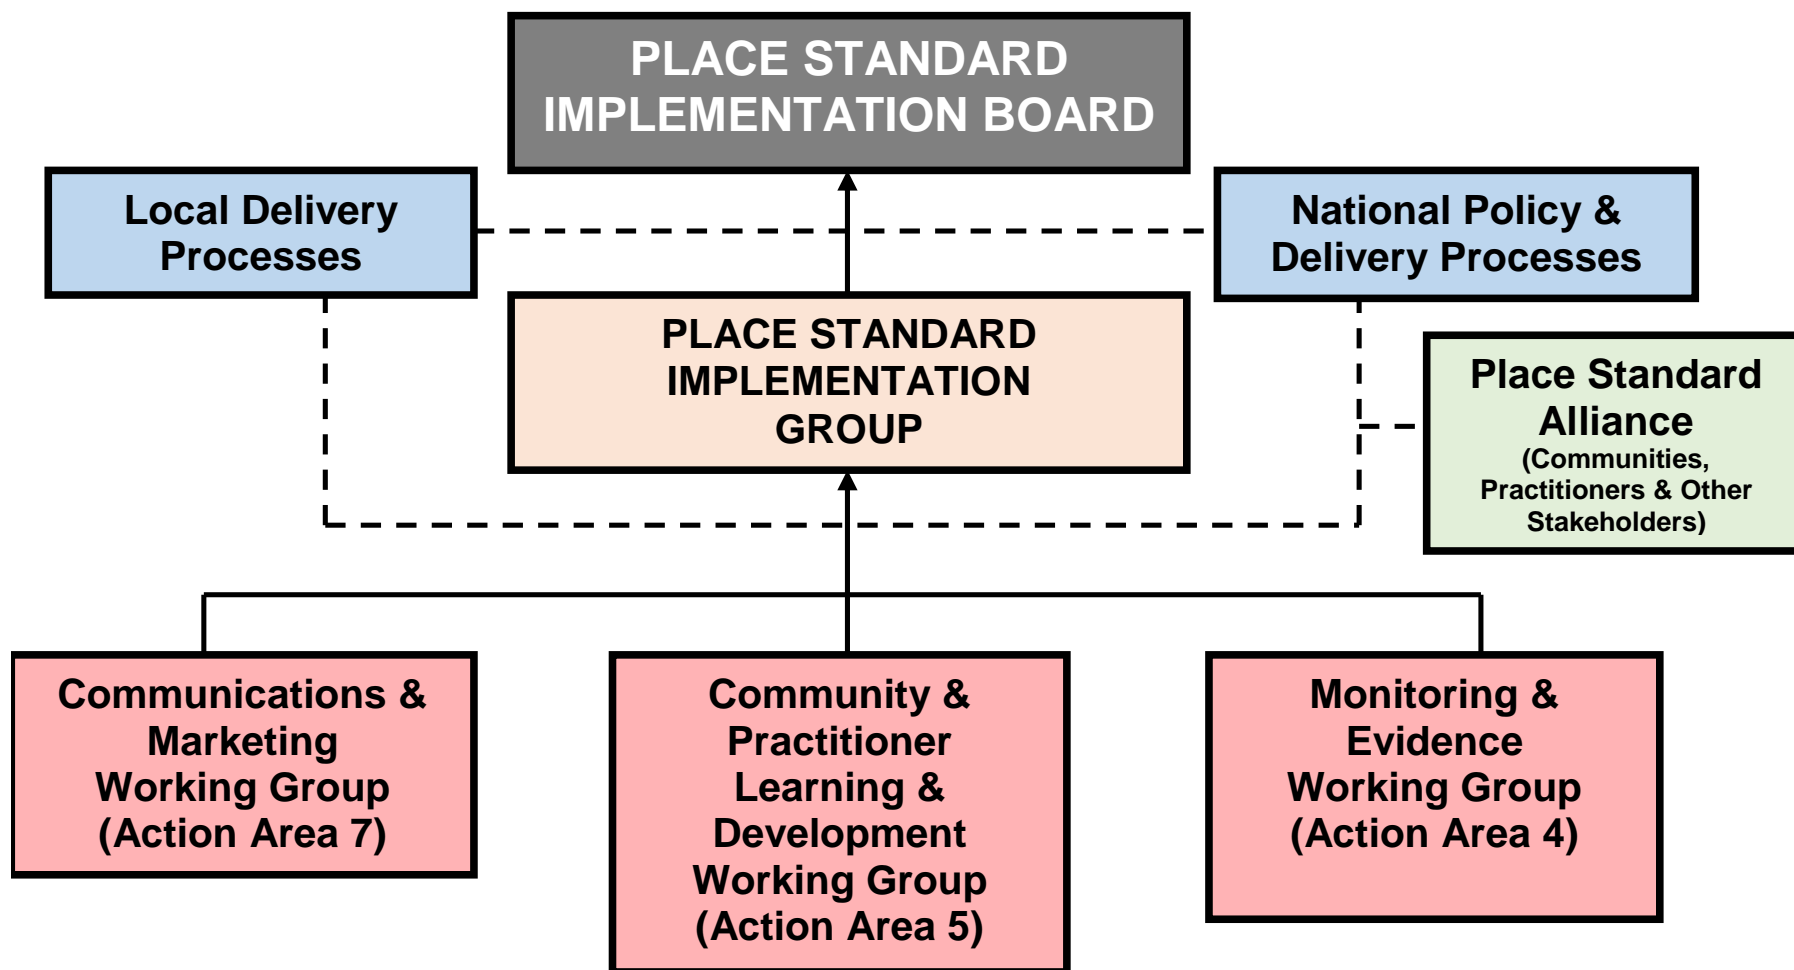

- Place Standard Twitter launched 5<sup>th</sup> September 2017 now has 790 followers.
- Plans for a 2 day international conference have now commenced. This will coincide with the launch of the improved place standard in summer 2019.

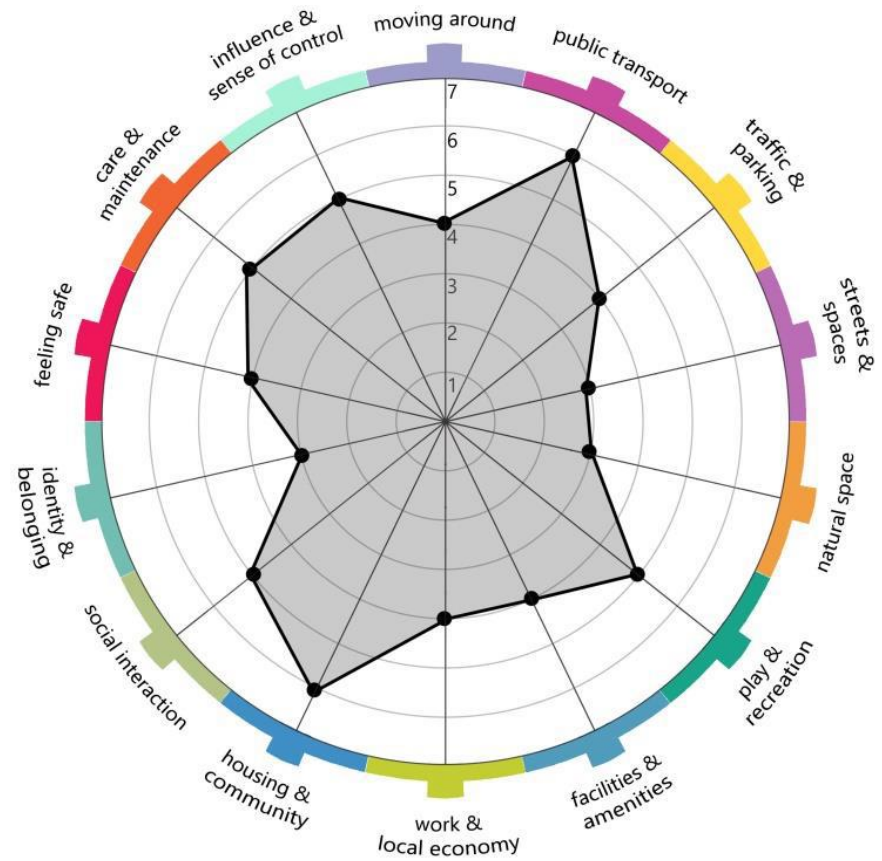

- Community Links Plus – Now embedded into funding criteria
- Big Lottery in Scotland - workshop with the management and operational teams organised for 29<sup>th</sup> June 2019.

***At Least 16,000 People***

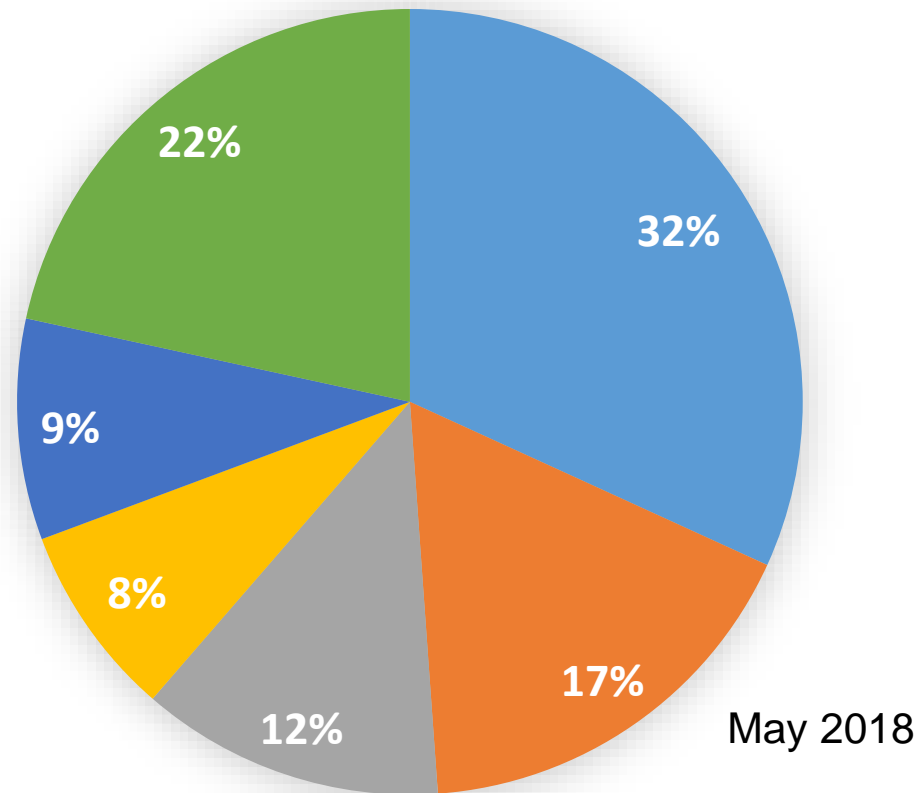

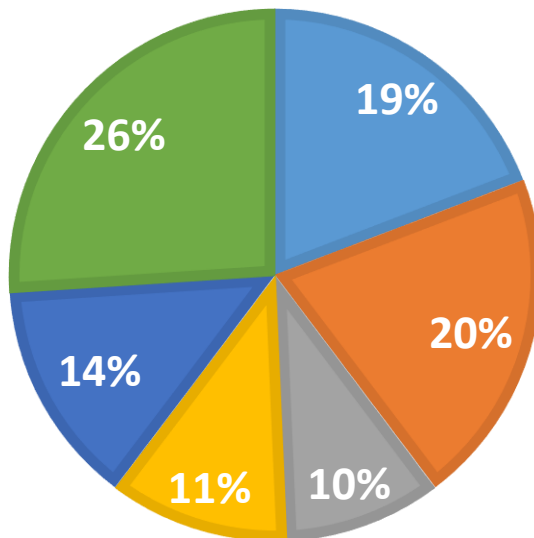

*Based on 27 Area Returns up to May 2018*

# Application – For What?

Place Standard – How Good is Our Place?

- LOIP/Locality Plan Development
- Local Development Framework
- Training/Awareness Raising
- Local Development Plan
- Masterplan
- Local Place Plans

November 2017

Based on 91 of 100 Recorded Applications May 2018

# Not all the figures!

- Recent review of online data
- Over 4,000 Tools Started
- 65,000 individual data entries
- Reasons included; -
  - Training,
  - Local Authority/Municipality Use,
  - Developers,
  - Schools, and
  - Buying a house!

## Renfrewshire Community Planning Partnership Local Outcome Improvement Plan – Online Questionnaire

- Overall, 773 respondents completed the place standard tool.
- 68.6% (530) of the total responses were collected through the online questionnaire in English.
- This proved to be the most effective way to engage with high volume of residents over the short period of time.
- The surveys were available in English and Polish language. Renfrewshire CPP worked closely with Renfrewshire Polish Association to translate surveys & it results into Polish language.

## West Lothian - Stoneyburn Locality Plan Steering Group

### Moving Around

“Kids can’t cycle to the high school as the roads are dangerous”

### Traffic and Parking

“Issues with the Community Centre and NHS car park. Parent use it during school runs”

### Public Transport

“Buses stop running around 3 to do the school run So if you go to a place, you can be stuck there until the service is back on”

### Play and recreation

“Cycling is where the village is lacking.”

## Standards for Community Engagement Stirling & Aberdeen City Councils

## Mapping Findings onto Local Policy Frameworks Aberdeenshire Council & A&DS – Portlethan.

*“Great engagement from Community Council and local businesses” and “great commitment from the council to follow through”.*

3-Day Pathfinder - Prompted a wide range of initial local initiatives from: -

- ASDA car park improvements *to*
- Pop-up cafes in isolated parts of town *to*
- New spaces for people to meet and regenerated local centres.

## Falkirk Locality Planning Grangemouth, Bo'ness' and Upper Braes villages

Method - On-line, Community focus groups and Schools workshops (540 responsees)

### Key Learning

- The visual nature and plain English used within the standard are plusses,
- The structure of the standard helps focus groups and workshops,
- The standard was very successful with young people,
- We found that the standard lacked the ability to record sufficient information on equalities characteristics
- Local people reported duplication within the standard and that 21/2 hours was too long to complete the standard,
- We needed to simplify the standard for children with special needs.

### Next Steps

- Reducing the standard to 7 categories
- Simplifying the scoring to a scale of 5
- Ensuring that the required equalities information is captured at the start;
- Developing an on-line version of our new tool on Citizen Space;
- Doing more targeted planning to ensure that we have a balanced consultation across different age groups; and
- We won't call it the Place Standard bearing in mind we have changed it.
