identify opportunities

- 1 What do you like best about this place and the surrounding area?
- 2 What would you like to be able to do in this place?
- 3 List what you would do to improve this place that could be done right away and that wouldn't cost a lot
- 4 What changes would you make in the longer term that would have the biggest impact?
- 5 How could this place be better connected to the rest of the area?
- 6 What local partnerships or local talent can you identify that could help to implement some of your proposed improvements?
